

Below are details of the two most convenient ways for vehicles to enter the Powerhouse Discovery Centre site. The one that suits you better will depend on the direction you approach from.

1

Entry via the TAFE driveway on Green Road:

This entry is best for vehicles approaching from the Castle Hill/Showground Road direction and the Parramatta/Windsor Road direction. Please note that this entry is not suitable for large buses and trucks.

- If you are driving along Showground Road from the Windsor Road direction, you need to turn left onto Green Road.
- If you are driving along Showground Road from the Castle Hill direction, you need to turn right onto Green Road.
- From the Castle Hill direction, it is easiest if you turn from the left-hand turning lane, as you will be in the correct lane once you have turned the corner.
- Turn left into the TAFE driveway. The TAFE driveway is located approximately 60 metres from the corner of Showground and Green roads.
- Drive all the way along the TAFE driveway until you reach the Powerhouse Discovery Centre site. Turn left at the entry. Parking is located all around the site.

2

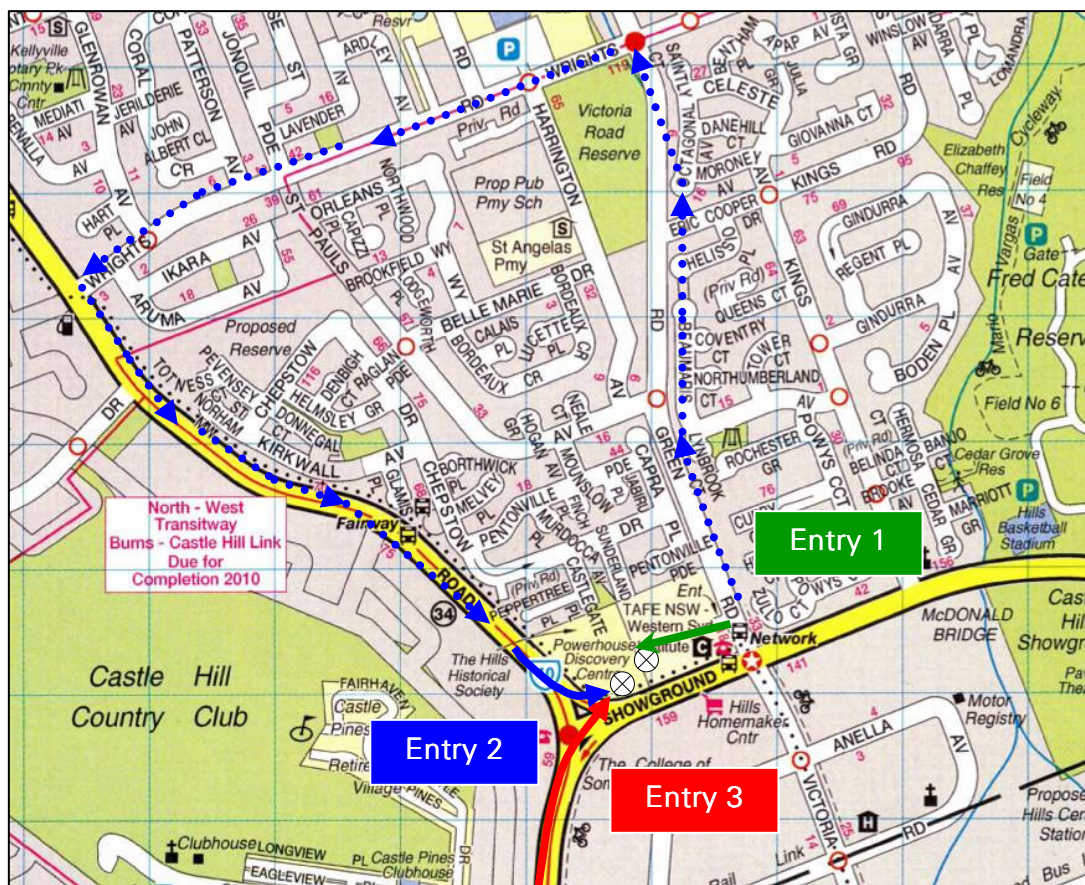

- Please note that a longer route via Wrights Road/Windsor Road/Showground Road is also an option for entry to the site if you miss the TAFE driveway.

3

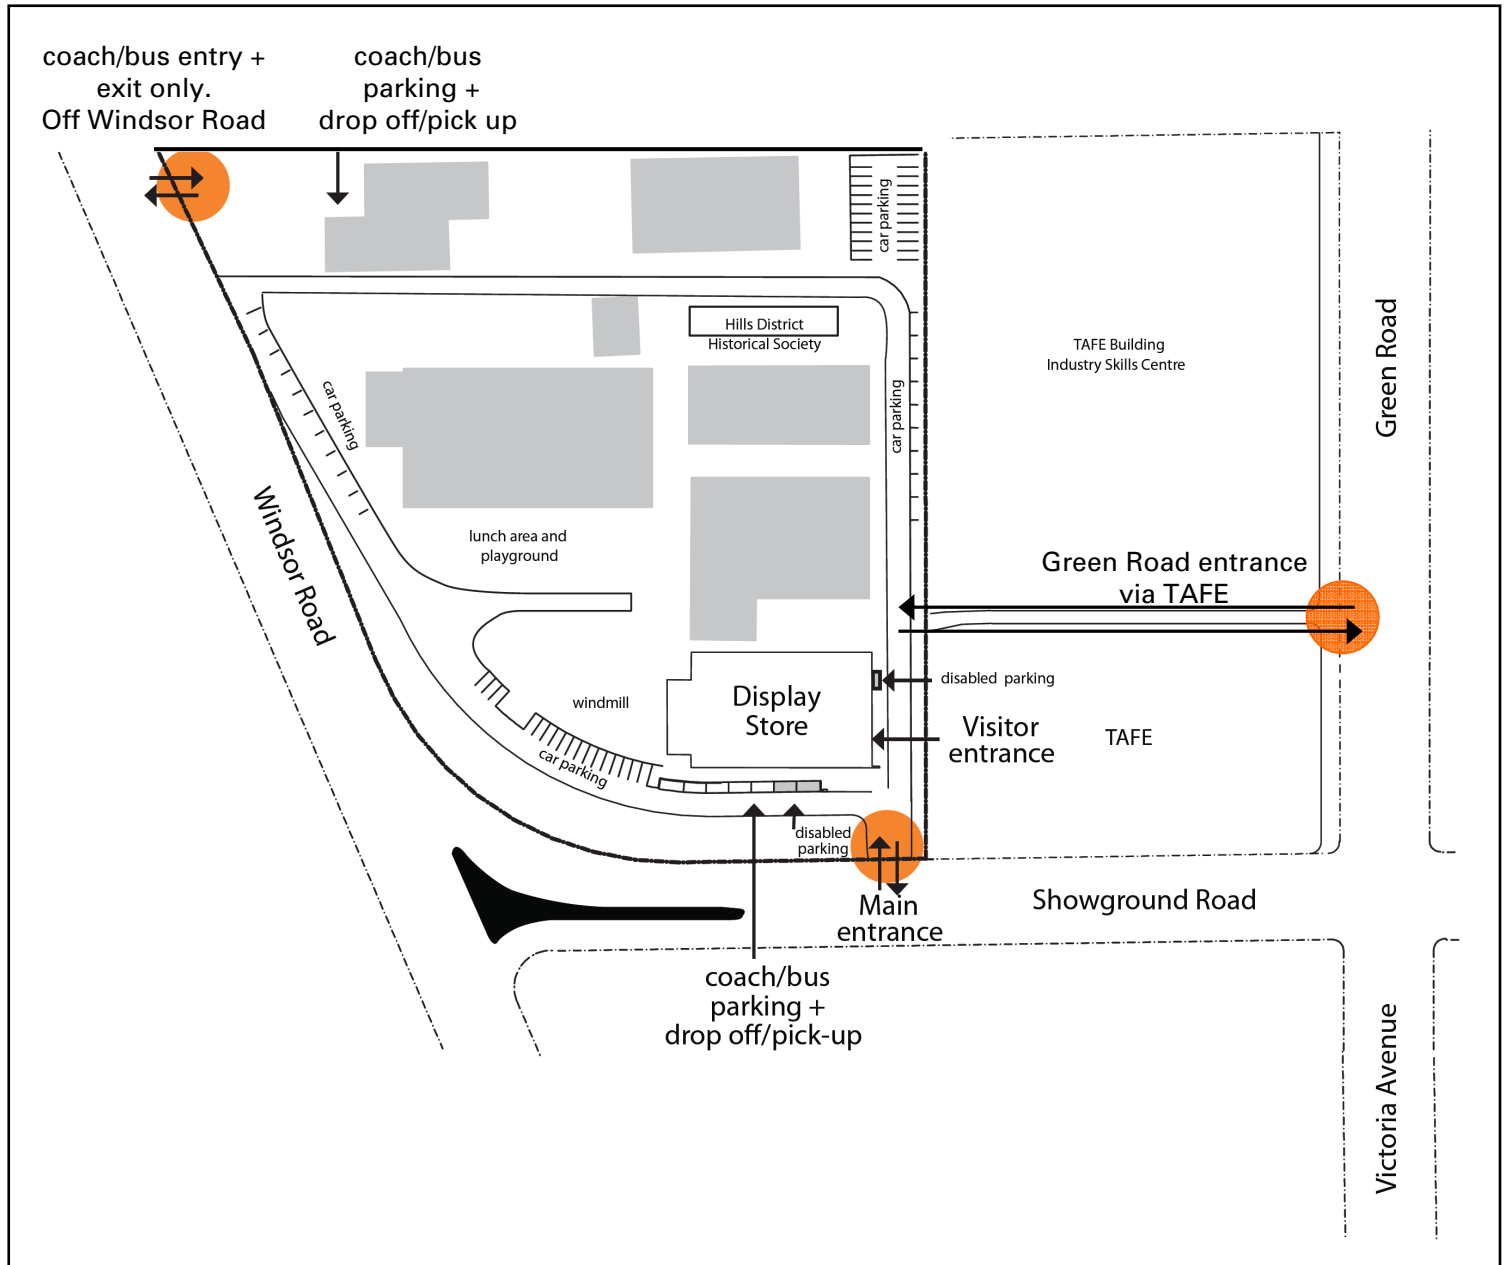

Entry via our Showground Road driveway:

This entry is best for vehicles approaching from the Kellyville/Windsor Road direction.

- Turn left onto Showground Road from Windsor Road.
- Turn left into the Powerhouse Discovery Centre's driveway. The driveway is located approximately 100 metres from the corner of Windsor and Showground roads. For safety reasons, please put your left indicator on and slow down early so that the traffic behind you is aware that you are turning into our driveway.
